

surgeons from whom the Royal College might select one for co-option on to its Council. The Honorary Secretary of the Council of British Ophthalmologists has received notice that Mr. George Black has been chosen. Mr. Black thus becomes co-opted member of Council, Royal College of Surgeons, representing ophthalmology, for the ensuing twelve months.

Addendum

IN Major Stern's article on Marfan's Syndrome, p. 232, the following sentence should be added after the bracket near the end of the paper.

"The small sella has been observed before by several authors (Coppez, Hambresin et V. D. Maele, Morard, Killmann, Viallefont et Temple, Fleischer); others found the sella normal or slightly enlarged."

The following references should be added to the bibliography:—

- COPPEZ.—*Soc. belge d'ophtal.*, Vol. LXVII, p. 102, 1933.
MORRARD, G.—*Arch. d'ophtal.*, Vol. LII, p. 344, 1934.
KILLMANN.—*Klin. Monats. f. Augenheilk.*, Vol. XCII, p. 335, 1934.
VIALLEFONT ET TEMPLE.—*Arch. d'ophtal.*, Vol. LI, p. 536, 1934.
FLEISCHER.—*Münch. Med. Wochenschr.*, Vol. XVI, p. 3, 1928.

Illustrations of the first pair of brothers are appended.

Finally, gratitude is due to Prof. A. Feigenbaum and Brigadier G. I. Scott.

University of Glasgow
Department of Ophthalmology.
Autumn 1944

IN September a series of meetings will be held in the department on Wednesdays at 8 p.m. The general arrangements will be similar to the series held last year. Tea will be served after the paper, and a discussion will follow. The meetings will be open to all medical practitioners and senior students interested in ophthalmology.

September 6.—Professor W. J. B. Riddell: "Small scale ophthalmic investigations."

September 13.—Professor A. Loewenstein: "Hypertensive retinopathy."

September 20.—Dr. Catherine Williamson: "Ophthalmic experience in the Far East."

September 27.—Dr. John Marshall: "Heterophoria."
