A clinical follow up of PRK and LASIK in eyes with preoperative abnormal corneal topographies,
12

Awareness of glaucoma, and health beliefs of patients suffering primary acute angle closure,
446

Causes of low vision and blindness in rural Indonesia,
1075

Corneal fibrotic wound repair,
12

Effect of a patient training video on visual field test reliability,
153

Demographic study of paediatric allergic conjunctivitis within a multiethnic patient population,
1195

Utilities associated with diabetic retinopathy: results from a Canadian sample,
259

Posterior corneal topographic changes after partial flap laser in situ keratomileusis,
160

Two field mydriatic digital photography as a method of screening for diabetic retinopathy,
1258

High resolution magnetic resonance imaging of retinoblastoma,
330

Thermochemotherapy in hereditary retinoblastoma,
90

An eye for the ladies,
936

Double crossed,
1442

Heavenly rings,
681

Hiding in plain view,
262

Janus on the mudflats,
13

Mirrors at the birth of Aphrodite,
1311

Superman on the reef,
132

Trends in squint surgical activity,
923

Utility values and myopia in teenage school students,
341

Awareness of glaucoma, and health beliefs of patients suffering primary acute angle closure,
446
