OPTICIANS

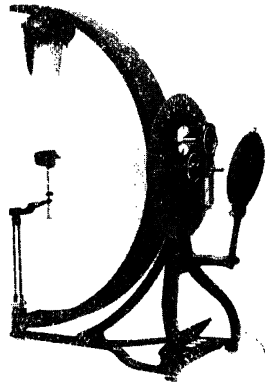

THE
LISTER
PERIMETER

Price :

As Perimeter only, without
Scotometer, illumination, ob-
turator and 'clicking' device.
£22 15 0

THE
Illuminated
LISTER
PERIMETER and
SCOTOMETER

Price :

Perimeter and Scotometer
combined, with self-illumina-
tion, obturator, and 'clicking'
device.
£32 10 0

Hitherto the Lister Perimeter and Scotometer has been supplied only as a combined instrument. To meet a demand it can now be supplied as a Perimeter only. We illustrate both instruments above. The Perimeter retains the chief features of the combined instrument such as the silent movement, the invisible carrier, the solid cogged arc, the automatic recording, the solid washable objects, etc. The instruments are precisely the same in design and finish, but for use as a Perimeter only, the obturator, the audible indication of each 15°, the illumination, and the Scotometer gearing are not included.

Our Improved Luminous "Morton" Ophthalmoscope

Is a stride towards perfection. This instrument combines the improvements of previous models and in addition is arranged for easy conversion into non-luminous direct *and* *indirect* method. The luminous mirror arm is quickly removed and replaced by the non-luminous arm.
