**Contents**

**Editors**

801  Dry eyes: are new ideas drying up?
    J V Aquavella

802  Looking deeper into the tumour cell genome for a better diagnosis, a better understanding of cell biology, a better prognostication and finally a better treatment
    L Desjardins

**Cover illustration**

803  Authors, books and eyes—not a face full of eyes
    R Keeler, A D Singh, H S Du

**Review**

804  Local treatment failure after globe-conserving therapy for choroidal melanoma
    M Y Chang, T A McCannel

**Global issues**

812  Causes of severe visual impairment and blindness in children in the Republic of Suriname

**Innovations**

816  Short-term outcome after intravitreal ranibizumab injections for the treatment of retinopathy of prematurity
    M A M Castellanos, S Schwartz, G García-Aguirre, H Quiroz-Mercado

**Original articles**

820  Inflammatory mediator profiles in tears accompanying keratoconjunctival responses induced by nasal allergy
    Z Pelikan

829  Measuring corneal clouding in patients suffering from mucopolysaccharidosis with the Pentacam densitometry programme
    H M Efflein, T Hoftier, F Beniskà-Ramadani, V Weyer, C Lampe, M Beck, S Pitz

834  Intrastromal fluid drainage with air tamponade: anterior segment optical coherence tomography guided technique for the management of acute corneal hydrops
    R B Vajpayee, P K Maharana, L Kaweri, N Sharma, V Jhanji

837  Optical coherence tomography in paediatric glaucoma: time domain versus spectral domain
    F F Ghassia, S F Freedman, A Rajani, S Holgado, S Avrani, M El-dairi

843  Are practical recommendations practiced? A national multi-centre cross-sectional study on frequency of visual field testing in glaucoma
    S S M Fung, C Lemer, R A Russell, R Malik, D P Crabb

844  Effect of ageing on the retinal vascular responsiveness to flicker light in glaucoma patients and in ocular hypertension
    K Gugleta, C Turkesver, A Polumma, S Orgül

857  24-hour efficacy of the bimatoprost–timolol fixed combination versus latanoprost as first choice therapy in subjects with high-pressure exfoliation syndrome and glaucoma

862  Aqueous flare is increased in patients with clinically significant cystoid macular oedema after cataract surgery
    L Ersoy, A Caramoy, T Ristau, B Kirchhof, S Fausser

866  Postoperative minimal overcorrection in the surgical management of intermittent exotropia
    Y A Cho, S-H Kim

881  Postoperative minimal overcorrection in the surgical management of intermittent exotropia
    Y A Cho, S-H Kim

895  Postoperative minimal overcorrection in the surgical management of intermittent exotropia
    Y A Cho, S-H Kim

901  Postoperative minimal overcorrection in the surgical management of intermittent exotropia
    Y A Cho, S-H Kim

909  Postoperative minimal overcorrection in the surgical management of intermittent exotropia
    Y A Cho, S-H Kim

917  Postoperative minimal overcorrection in the surgical management of intermittent exotropia
    Y A Cho, S-H Kim

925  Postoperative minimal overcorrection in the surgical management of intermittent exotropia
    Y A Cho, S-H Kim

933  Postoperative minimal overcorrection in the surgical management of intermittent exotropia
    Y A Cho, S-H Kim

941  Postoperative minimal overcorrection in the surgical management of intermittent exotropia
    Y A Cho, S-H Kim

951  Postoperative minimal overcorrection in the surgical management of intermittent exotropia
    Y A Cho, S-H Kim

961  Postoperative minimal overcorrection in the surgical management of intermittent exotropia
    Y A Cho, S-H Kim

971  Postoperative minimal overcorrection in the surgical management of intermittent exotropia
    Y A Cho, S-H Kim

981  Postoperative minimal overcorrection in the surgical management of intermittent exotropia
    Y A Cho, S-H Kim

991  Postoperative minimal overcorrection in the surgical management of intermittent exotropia
    Y A Cho, S-H Kim
