Volume 102 Issue 11 | BJO November 2018

Global issues

1471 Accuracy of trained rural ophthalmologists versus non-medical image graders in the diagnosis of diabetic retinopathy in rural China
M McKenna, T Chen, H McNaney, M A Vázquez Membrillo, L Jin, W Xiao, T Peo, M Ho, R Hogg, N Congdon

1477 Glaucoma-associated long-term mortality in a rural cohort from India: the Andhra Pradesh Eye Disease Study

Editorial

1483 Epiblepharon outcomes: comparing apples and oranges
P Tan, R Malhotra

Reviews

1485 Review of economic evaluations of teleophthalmology as a screening strategy for chronic eye disease in adults
N Shafiefeldin, A Kawauchi, A Sundaram, S Campbell, C Rudnisky, E Weis, M T S Tennant, N Sharafeldin, A Kawaguchi, A Sundaram, N Congdon

1492 New advances in amblyopia therapy I: binocular therapies and pharmacologic augmentation
C L Kraus, S M Callicat

1497 Preservatives in glaucoma medication
D W Steven, P Alaghband, K S Lim

Clinical science

1504 Non-incisional eyelid eversion suture technique for treating lower lid epiblepharon
J W Seo, S Kang, C Ahn, B Esmaeili, H-S Sa

1510 Modified everting sutures: an alternative treatment for mild to moderate epiblepharon
S M Young, Y-D Kim, K I Woo

1515 Effect of manual eyelid manipulation on intraocular pressure measurement by rebound tonometry
S Ue Back, A Ha, Y K Kim, J W Jeong, K H Park

1520 Effect of phacoemulsification on facility of outflow
P Alaghband, I Beltran-Agutil, E A Galvis, D R Overby, K S Lim

1527 Progressive change in peripapillary atrophy in myopic glaucomatous eyes
M K Song, K R Sung, J W Shin, J Kwon, J Y Lee, J M Park

1533 Number of incident cases of the main eye diseases of ageing in the UK Biobank cohort, projected over a 25-year period from time of recruitment
P Desai, D C Minassian, A Reidy, N Allen, C Sladec

1538 Prevalence and incidence of presbyopia in urban Southern China
X Han, P Y Lee, S Keel, M He

1543 The epidemiology of childhood blindness and severe visual impairment in Indonesia
M Muhi, T Karim, I Islam, D Hardianto, H S Mohidin, S A Purwanta, S Suhardjo, D Widyastana, G Khandaker
Follow-up patterns and associated risk factors after paediatric cataract surgery: observation over a 5-year period
P Chougule, S Murat, A Mohamed, R Kekunnaya

Evaluation of a hub-and-spoke model for the delivery of femtosecond laser-assisted cataract surgery within the context of a large randomised controlled trial

Automated diabetic retinopathy detection using optical coherence tomography angiography: a pilot study
H S Sandhu, N Eladawi, M Elmogy, R Keynton, O Helmy, S Schaal, A El-Baz

Type 2 choroidal neovascularisation in polypoidal choroidal vasculopathy: a retrospective case series
S Liang, X Shi, P J Rosenfeld, X Li

Decreased severity of age-related macular degeneration in amblyopic eyes
P P Storey, H A Aziz, G A Datoo O’Keefe, M Borchert, L A Lam, C A Puliafito, L C Omos de Koo

Combined treatment of primary vitreoretinal lymphomas significantly prolongs the time to first relapse
A Klimova, J Heissigova, E Rihova, M Brichova, R Pytlík, J Spykova, K Matzova, J Karolova, P Svozilova

Review of extraocular muscle biopsies and utility of biopsy in extraocular muscle enlargement
E L Eade, T G Hardy, P A McKelvie, A A McNab

Clinicosemological factors associated with response to steroid treatment and recurrence in patients with IgG4-related ophthalmic disease
J W Hong, S Kang, M K Song, C J Ahn, H-S Sa

Minimal disseminated disease evaluation and outcome in trilateral retinoblastoma
A V Torbidoni, C Sampor, V E Laurent, R Aschero, S Iyer, J Rossi, D Alderete, D F Alonso, I Szijan, C L Chantada

Microbiology and biofilm of corneal sutures
E Adler, D Miller, O Rock, O Spierer, R Forster
