

# TWENTY-FOUR GOOD REASONS FOR USING MINIMS™

## MINIMS-STERILE, SINGLE-DOSE EYE DROPS

There are twenty-four presentations in the Minims single-dose range. Each one selected for its usefulness in day to day clinical situations.

Minims solutions are sterile and, because of the over-wrap and special cap closure, remain so right up to the moment of application. No preservatives are included in the formulations, so Minims may be used in open eye surgery.
