The University of Queensland

Equal Opportunity in Employment is University Policy

**Senior Lecturer
Princess Alexandra Hospital**

Applications are invited from an ophthalmologist with a medical degree registrable in Australia to join a department of ophthalmology with new laboratory space, office space and clinical examination area. The suitable applicant must have a postdoctoral fellowship in vitreoretinal diseases and surgery or in glaucoma from a recognised institution and 3-4 years of post-fellowship experience in the vitreoretinal or glaucoma area. Clinical or laboratory research in the same subspecialty is a requirement.

The position entails sessional work at the Princess Alexandra Hospital, a limited right to private practice in vitreoretinal disease and surgery or glaucoma, and a commitment to research and teaching.

Further information may be obtained from Professor Lawrence W. Hirst (07) 240 5169.

The appointment is for a fixed term of 5 years.

Salary: \$41,458-\$48,085 per annum plus \$11,366 pa clinical loading and \$15,946 state loading for hospital duties.

Closing Date: January 5, 1990. **Ref. No:** 46589.

Application forms and further details concerning method of application are available from the Appointments Officer, Association of Commonwealth Universities, 36 Gordon Square, London, WC1H 0PF.

**THE OXFORD CONGRESS
SCHOLARSHIP**

Established in 1989 to:

Promote Ophthalmic research, education and enhancement of Ophthalmic skills amongst members of the Oxford Congress.

All members of the Oxford Ophthalmological Congress are eligible to apply for the award of up to £14,000. The award, made by Council, will be for periods of up to twelve months.

The Oxford Congress Scholar will be expected to submit the results of research, work experience or technical development to the annual Congress, where appropriate.

Closing date for applications 31.12.89.
