# British Journal of Ophthalmology

#### AIMS AND SCOPE

Fully international, the *British Journal of Ophthalmology* (BJO) was founded in 1917 by the amalgamation of the *Royal London (Moorfields) Ophthalmic Hospital Reports* with the *Ophthalmoscope and the Ophthalmic Record.* Main features include articles on both clinical and laboratory sciences, a series of articles in the form of perspectives, providing brief up to the minute reviews, and commentaries—an occasional series challenging current dogma and opinion.
