The British Journal of Ophthalmology keeps you right up to date with the clinical investigations and observations related to ophthalmology, so you’ll want the guarantee of reading it every month.

Why not recommend the journal to your librarian or better still, obtain your own personal subscription? You will receive a paper copy every month as well as online access for just £138 a year (£234, $300). Too much paper on your desk already? An online subscription is just £99 (£147, $188).

Visit group.bmj.com/group/subs-sales - your subscription to this first class journal is just a few clicks away.
