

## Supplemental material

eTable 1. Demographics of prematurely born individuals from the 10-year follow-up<sup>12</sup> who attended and those who did not attend the 25-year follow-up study

	Attended	Did not attend	p-value
	58/216	158/216	
GA (weeks)	29.3	29.1	ns
BW (grams)	1169	1166	ns
Female gender	37 (64%)	74 (47%)	0.02
Previous ROP	24 (41%)	61 (39%)	ns
Previously treated for ROP	13 (22%)	12 (8%)	0.004
Neurological complications at 2.5 years	8 (14%)	24 (15%)	ns
Mean logMAR VA at 10 years	RE -0.03	RE -0.02	ns
	LE: -0.03	LE -0.01	ns

BW=birth weight, GA=gestational age, LE=left eye, ns=non-significant, RE=right eye, ROP=retinopathy of prematurity, VA=visual acuity.
